Edwin Morales / ClicOutdoor

From the ClicOutdoor Senior Partner's Desk:

Hi, Adam—

I would once again like to thank you for the trust and confidence that you have placed with ClicOutdoor in the design and development of your digital media assets and social media content. I, along with the entire ClicOutdoor team, promise to provide you with top-notch products and service, and we will faithfully fulfill every commitment we make. We are pleased to welcome you into the ClicOutdoor family!

From the ClicOutdoor Team:

Dear Adam,

ClicOutdoor makes several promises to each and every client and now that you have chosen to work with us you will have the commitment of every ClicOutdoor team member to do our best work and deliver a digital marketing product that will exceed your business goals and expectations.

Our Digital Media Services

Digital media services like brand/product photography and video content production can transform the perception of a business in the eyes of its consumers. The content and media you post online speak more volumes about your business and brand than you ever could. When we partner with a brand, we treat that brand as though it was our own. This is to say, that every form of digital media we develop for you is done so with your brands reputation and future in mind.

Photography & Video

ClicOutdoor uses photography to promote events, individuals, brands, products and much more. Once we receive your products, we intend to use our photography to help develop the total overall media available on your brand and products, both online and for you to use on your day-to-day operations. We strive to capture your brand and products in ways that increase sales conversion, boost brand awareness and improve consumer confidence.

With ClicOutdoor as your digital media provider and your products in-hand, we will be able to deliver a variety of the following on a monthly basis:

- Content media primarily in the form of photographs or videos;
- Videos can be provided as raw footage, how to/instructional, action and much more;
- Edited photos for commercial use with no watermarks or branding unless specifically requested;
- Photos may be posted on social media affiliate accounts, forums, photo sharing sites and more; and
- When available, videos may be posted on your branded YouTube channel or other social media accounts.

Social Media Marketing

In conjunction with our photography and video services, we use social media to promote events, individuals, brands, products and much more. Focusing primarily on online forums, Instagram, Facebook & YouTube, we intend to use the media we develop or that which you provide to help expand brand awareness. The more locations your brands and products are seen, the more they are recognized and respected. Although most of our social media efforts will be informational, visual & social, we will still tastefully strive to increase sales and overall leads.

Facebook Ad Campaigns

Our social media ad campaigns can boost sales, traffic, page likes and more. Our Facebook campaigns are designed to target relevant consumers, maximizing both your budget and your return. Working hand-in-hand with you, we will design turnkey campaigns that are custom catered to achieve and surpass your online sales and brand goals.

While marketing on social media, we can deliver the following on a monthly basis:

- Non-spammy, tasteful video or photo centered shout outs on Instagram;
- Proof of attempted brand outreach and networking on Instagram;
- Assist you in the growth of your branded Instagram, Facebook & YouTube accounts; and
- Inform you of and at times answer consumer inquiries generated on forums or social media.

Online Brand Ambassador Partnership & Management

We have experienced a great deal of success using our flagship 2014 Toyota 4Runner known on social media as “@Fargo4x4” as a social media ambassador for a variety brands and now currently have 5 flagship vehicles. As we expand on our vehicles followers and outreach, we will actively seek to simultaneously expand the following of your brand and products. At every opportunity, we will periodically showcase any future products you provide us in action on these vehicles and will strive to only display your brand or products in a positive light. On these accounts, at our discretion and when appropriate, we will endorse your brand and recommend your products as if they were our own. Additionally, we will actively seek to acquire other strategic high-return ambassadors to provide quality content, reviews and help endorse your brand online.

Website Advertisement Services

Using affiliate websites such as Nomadders.com, Team4runner.com, Ruggedpix.com and more, we can create a variety of display ads to be featured on the websites. Additionally, we offer graphic services for ad campaigns on 3rd party websites. This ensures your brand strategic real estate on our sites, leading to increases in traffic and possibly sales.

Product Reviews

Product reviews play a huge role in the online marketplace today. Using affiliate websites like Team4runner.com we can write reviews covering your brand and products. We will also strive to retrieve reviews and feedback from your clients to help build consumer confidence in your brand and products. This will expand your brand credibility leading to increases in sales.

Search Engine Marketing (SEM & SEO)

In conjunction with our photography, video and social media services, ClicOutdoor uses search engines to promote events, individuals, brands, products and much more. Focusing primarily on Google, Yahoo and Bing, we intend to use the media we develop or which you provide us to help develop the overall brand awareness for your company in online search. Search engines are mission-critical to the success of your product. They ensure consumers are able to find your product quickly, smoothly and effectively. Although most of our search engine efforts will be geared around acquiring relevant traffic and overall keyword rankings, we can leverage this traffic and rankings to increase sales and overall leads for your business.

Pay Per Click Campaign Management

When configured and managed properly, paid search marketing is the quickest and most controllable way to get your business in front of people who are genuinely looking for your products or services. With a well-oiled PPC campaign we can maximize your campaign budget and deliver qualified and relevant traffic, boosting sales.

Event Rep Services

With our fleet of vehicles and outgoing and knowledgeable staff, we have the unique ability to provide our clients with industry-leading event rep services. Do you need to get your products or booth to a specific event? Need our staff to represent your brand at these events? Interested in using our vehicles as your own? We offer event rep services that are designed to give your company an increased physical presence at events that are logistically challenging for your brand.

Website Design & Management Services

Today, your organization's website is your organization's identity and the importance of having a correctly built website cannot be understated. When we program websites, we incorporate elements that make it easy for the search engines to identify, archive, and classify your site as an authority for your keyword topics. A properly coded site will result in saved time and effort in ranking for your specific keywords. This means when people search anything to do with your organization, your site will have the best chance possible to be placed right in front of them. ClicOutdoor builds every site on a universally acceptable platform using a responsive format which creates immediate mobile functionality.

The process is a bit more difficult, but with the use of mobile and tablet devices already dominating the search market, it is well worth it.

ClicOutdoor prides itself on creating win-win relationships with every client. In developing the following proposal, ClicOutdoor team members view themselves as the marketing and design arm of your company. You will work directly with our senior account managers as we develop and implement your digital marketing strategy.
